

Mr JD Eksteen | *Managing Director*

V4 Creative has extensive knowledge, together with its associate partners, in the design field and their ability is clearly reflected in the conceptualisation and design of the Nigerian Cultural Center.

Vise – *“an appliance for holding an object while work is done upon it.”*

We believe that for every project a good foundation needs to be laid first by making sure that all the variables are identified and defined, leaving nothing to chance.

Verse – *“to familiarize by study or experience.”*

We believe that by researching and drawing from our extensive experience that we can successfully complete any project with excellence and precision.

Verb – *“expresses existence, action, or occurrence.”*

We aim to accomplish the successful completion of projects by putting into action plans and goals that are realistic and achievable through experience and skill.

Vision – *“the ability to think about or plan the future with imagination or wisdom.”*

These two elements stand at the core of our vision: Imagination and Wisdom. We believe in the necessity of creativity and imagination in our world today. Combining this with experience and wisdom will enable us to realise your dreams.
